Can I get my business to the first page on Google quickly?

I currently have a small business which has made it to the first page on Google, thanks to great work from the search engine optimization company I have been paying for years.

I am about to start a new company. I dont know much about search engine optimization and dont pretend to. Can they get my company on the first page very quickly? or is it a long-term process?

Here is the easiest way to do it that millions of people dont know about

Go to freewebsitetraffic.tv and they will show you how to get your site first page in 24 hours
