# **How much roughly would it cost for someone to do Search Engine Optimisation on my website in WA?**

Search Engine Optimisation prices vary from company to company and what industry your website is in.

We use a company called <http://www.smiths-internet-services.com.au> they have worked really well with us and helped to obtain alot of results in the search engines.

Pricing starts at approximately \$120 per month and everything is catered for. Basically you receive 24/7 email support, changes to the website comprehensive reporting and more.

If you are interested in obtaining results drop them an email with information on what products and services you would like to be found for.
